

### **Motto**

Empowering tomorrow's leaders.

### **Mission**

Our mission at Springdale Elementary is to provide high quality education in a respectful, diverse and inclusive environment that builds a foundation for life-long learning; to encourage a school community where all children feel loved, respected and are encouraged to develop to their fullest potential.

### **Vision**

To empower tomorrow's leaders. We are committed to the families and communities we serve; providing leadership, support, and encouragement.

### **Commitments**

**Climate:** We commit to interactions that are characterized by warm and inviting positive relationships, and mutually respectful interactions. To keep students and staff physically and emotionally safe in our school through our words and actions.

**Culture:** We commit to collaboration which utilizes the collective talents and abilities of our school and community based on what is best for kids to ensure that each student learns at their highest potential. We value diversity by acknowledging and celebrating our differences and creating a culture of belonging.

**Leadership:** We commit to practicing shared leadership with staff, parents and students when making decisions that impact our school.

**Instruction:** We commit to instruction that promotes high levels of learning that is engaging, explicit, relevant and cross curricular.

We will:

- Clearly identifying essential standards.
- Offer instruction that is differentiated to provide the time and support every student needs.
- Promote growth mindset, where students engage in productive struggle as they work together to solve problems.
- Consistently communicate high and clear expectations for students and staff.
- Improve our teaching craft through ongoing professional development as an essential component of our own continued growth.

**Interventions:** We commit to a tiered approach to intervention as defined by our school wide system of support.

**Assessment:** We commit to providing students with a variety of assessment types and multiple opportunities to demonstrate their learning so that they can identify their proficiency levels and set goals.
